

5th International Conference on
**Obesity and
Chronic Diseases**

**Tentative
Program**

**Sept 30, 2019 - Oct 02, 2019
Berlin, Germany**

UNITED SCIENTIFIC GROUP
A NON-PROFIT ORGANIZATION

8105, Suite 112, Rasor Blvd, Plano
TX 75024, USA

08:00-08:20 Registration and badge pick-up

08:20-08:30 Welcome Note

08:30-10:30

Keynote Session

TBA

Reza Hakkak

University of Arkansas for Medical Sciences, USA

TBA

Udo Rabast

German Academy of Nutritional Medicine, Germany

Sclerostin: A Marker of Early Detection of Atherosclerotic Disease in Obesity

Edita Stokic

University of Novi Sad, Serbia

10:30-10:45

Coffee Break

10:45-13:15

Featured Talk

Laparoscopic Management of Severe Reflux After Sleeve Gastrectomy Using The LINX System

Abdelkader Hawasli

Ascension St. John Hospital, USA

A Novel Risk Score to Predict Vascular Events in Diabetes

Mark Woodward

University of Oxford, UK

The Safety and Efficacy of Weight Loss via Intermittent Fasting or Standard Energy Restriction in Patients with Type 1 Diabetes and Overweight or Obesity: Results of a 12 Month Pilot Study

Jane Overland

The University of Sydney, Australia

TBA

Ascensión Marcos

Institute of Science, Technology of Food and Nutrition, Spain

Maternal Obesity and Pregnancy Outcome

Birgit Seelbach-Goebel

University of Regensburg, Germany

Time Restricted Feeding for Metabolic Disease and Cancer

Nicholas Webster

University of California San Diego, USA

13:15-14:15

Lunch

14:00-16:30

Session 1

Integrating Weight Categories and Past History into the Coding of Feeding and Eating Disorders in ICD-11

Cornelia Thiels

University of Applied Sciences Bielefeld (Retired), Germany

Anti-obesity Properties of *Viburnum opulus* Juice

Malgorzata Zaklos-Szyda

Lodz University of Technology, Poland

PPAR- γ Differential Expression in Mononuclear Cell Culture from Newborns due to Maternal Overweight and Obesity

Mariana Salgado

Universidad Autonoma de San Luis Potosi, Mexico

Gut Microbiota and Overweight/Obesity in Infancy: Evidence from the Wuhan Twin Birth Cohort Study

Hong Mei

Huazhong University of Science & Technology, China

The Prevalence and Potential Determinants of Obesity among Emirati Children and Adolescents in UAE

Abdihakur Abdulle

New York University Abu Dhabi, UAE

Oral Health and Obesity in the SAYCARE Study: Reliability and Internal Validity of Diagnostic Methods

Maria Paula Maciel Rando-Meirelles

Paulista University, Brazil

Poor Academic Performance is Not an Effective Marker to Address the Drawback of Childhood Obesity

Tania Bulbul

Kumudini Women's Medical College, Bangladesh

16:30-16:45

Coffee Break

16:45:00-18:00

Poster Presentations

Program

*Day-2
Oct 01, 2019*

08:30-10:30

Keynote Session

10:30-10:45

Coffee Break

10:45- 16:30

Session 2

High Fat Diet Exacerbates Skin Inflammation Independent of Obesity: Saturated Fatty acids as Key Players

Anja Saalbach

University Hospital Leipzig, Germany

Defining Obesity as a Risk Factor for Cardiovascular Disease in Different Ethnic Groups, the Suriname Health Study

Ingrid S.K. Krishnadath

Anton de Kom University of Suriname, Suriname

Nonalcoholic Steatohepatitis Before and After Liver Transplantation

Stefano Gitto

University of Florence, Italy

Energy Balance and Gastrointestinal Cancer: Risk, Interventions, Outcomes, and Mechanisms

Caroline Himbert

University of Utah, USA

Maternal Exposure to the Production of Fireworks and Reduced Rate of New Onset Hypertension in Pregnancy

Shi Wu Wen

Ottawa Hospital Research Institute, Canada

Gastric Bypass Surgery and Altered Islet Function/Rerouting the Gut to Treat Diabetes

Marzieh Salehi

University of Texas Health at San Antonio, USA

13:00-14:00

Lunch

Study of Comparison between Autonomic Dysfunction and Dyslipidemia in Healthy Postmenopausal Women

Kavyachand Yalamudi

Hospitals-Health City, INDIA

Obesity is One of the Risk Factors Preventing Effective Therapy to Achieve Low Disease Activity in Patients with Rheumatoid Arthritis

Lisa Baganz

German Rheumatism Research Centre, Germany

Two Types of Adipokinal Profile Provide Pro- and Anti-inflammatory Response in Psoriatic Patients

Kirill Sysoev

Dental Clinic # 22, Russian Federation

Expression Profile of Adiponectin in Obese Pakistani Subjects

Farah Ashfaq

Lahore College for Women University, Pakistan

The Immediate Reduction in Insulin Resistance During the First Week After Bariatric Surgery in Type 2 Diabetes Mellitus

Moshe Rubin

Tel-Aviv University, Israel

Excessive Body Weight and Psychiatric Disorders

Sandra Vuk Pisk

Psychiatric Hospital "Sveti Ivan", Croatia

Examining the Catastrophic Burden of Diabetes Among a Defined Patient Population Attending a Tertiary Healthcare Facility in Nigeria

Charles Ezenduka

University of Nigeria Enugu Campus, Nigeria

Presentation Slots Available

16:30-16:45

16:45-18:00

Coffee Break

Session 3

Gastric Bypass with Fundectomy and Gastric Remnant Exploration: a New Technique

Elisa Galfrascoli

Fatebenefratelli Hospital, Italy

Compared to What? Is BMI Associated with Histopathological Changes in Laparoscopic Sleeve Gastrectomy (LSG) Specimens?

Tamer Saafan

Hamad Medical Corporation, Qatar

The Morbidity Crisis in Canadian Long-haul Truck Drivers: A Neglected Population

Alexander M. Crizzle

University of Saskatchewan, Canada

Fiberoptic Intubation of Severely Obese Patients Through Supraglottic Airway: A Prospective, Randomized Trial of the Ambu® AuraGain™ Laryngeal Mask vs the i-gel™ Airway

Berthold Moser

Spital Limmattal, Switzerland

Treatment with 17 β -Estradiol Reduced Body Weight and the Risk of Cardiovascular Disease in a High-Fat Diet-Induced Animal Model of Obesity

Peiyong Pai

China Medical University Hospital, Taiwan

Presentation Slots Available

9:00-12:30

Session-4

The Metabolic Phenotype of Obese Women: What Criteria to Retain?

Mohamed Ridha Guedjati

University Hospital Center of Batna, Algeria

Aldosterone Levels, Metabolic Phenotype and Subclinical Left Ventricular Remodeling in Obesity

Branislava Ilincic

University of Novi Sad, Serbia

Role of Nature - Nurture Continuum in Obesity: A Synergistic Play

Meenal Dhall

University of Delhi, India

Multiple Short Bouts of Walking Activity Attenuate Glucose Response in Obese Women

Mynor Rodriguez-Hernandez

Auburn University, USA

Diagnostic Value of Acyl-Ghrelin in Type 2 Diabetic Patients with Non-alcoholic Fatty Liver Disease

Diaa El-Din Mohammad Soliman El-Beik

King Abdul Aziz Specialist Hospital, Saudi Arabia

Presentation Slots Available

13:30 onwards

Lunch and Departures

List of Poster Presentations

- P01 **Prevalence and Trends of Metabolic Syndrome in Clients of Health Advice Centres During 2003 - 2012 in Slovakia**
Kvetoslava Rimarova
University of Pavol Jozef Safarik, Slovak Republic
- P02 **Evaluation of the Tolerability and Efficacy of A Non-Competitive, Reversible Inhibitor of the A-amylase and A-Glucosidase Enzymes with a Specific, Sandardized Polyphenolic Composition on the Modulation of Postprandial Glycemic Peaks in Overweight Patients with Impaired Fasting Glucose**
Claudio Maioli
University of Milan, Italy
- P03 **Anti-lipase Activity and Phenolic Compounds of *Viburnum opulus* Fruits**
Anna Podsedek
Lodz University of Technology, Poland
- P04 **An Audit to Determine if Vitamin B12 Supplementation is Necessary After Sleeve Gastrectomy**
Amar M Eltweri
University Hospitals of Leicester, UK
- P05 **Sedentary Behavior in Overweight Patients with Fibromyalgia, What is Different?**
Beatriz Rodriguez
University of Zaragoza, Spain
- P06 **Lp-PLA2 Levels in Metabolic Tissues Involved in Glycolipid Metabolism in Obesity and Diabetes: From the Study in the Prone and Resistant Rats**
Xiaojing Lin
Shanghai University of Sport, China
- P07 **Obesity as a Risk Factor, its Determinants and Treatment**
Ana Julia García Milian
MINSAP, Cuba
- P08 **Health Promotion Program Champions: Inroads into the Community**
Carolyn C Johnson
Tulane University School of Public Health and Tropical Medicine, USA
- P09 **Ecthyma Gangrenosum and the Curious Case of Drop in Hemoglobin**
Thu Nguyen
West Virginia School of Osteopathic Medicine, USA

- P11 **Factors Associated with Obesity Among Saudi Women of Reproductive Age in Jeddah City**
Muneera Alharbi
University of Maryland, USA
- P12 **Trends of Underweight and Obesity Prevalence Among Adolescent Girls in the Selected Population of the Silesian Agglomeration**
Wojciech Palasz
Mediana- General Practitioner Office, Poland
- P13 **Insulin Resistance and Cardiometabolic Risk Factors in Obese Children and Adolescents: A Hierarchical Approach**
Ikbale Sakou
University of Athens, Greece
- P14 **Awareness of Children's Physical Activity Among Saudi Mothers in Wazarat Health Center of Prince Sultan Military Medical City**
Maysah Amer
Prince Sultan Military Medical City, Saudi Arabia
- P15 **Low HDL Cholesterol Level was the Most Predominant Metabolic Syndrome Anomaly in Cameroonian School Children aged 10 to 17 Years**
Ayina Ayina Clarisse Noel
University of Douala, Cameroon
- P16 **Obesity in a Peri-urban Population in West africa: Prevalence and Associated Factors**
Malik Koussoh Simone
National Institute of public health, Côte d'Ivoire
- P16 **Obesity in the Relationship with Different Forms of Myocardial Infarction (Preliminary Registry Data on Acute Myocardial Infarction)**
Gulnora

Note: This is the tentative agenda of the meeting and is subjected to change without any prior notice
